

Building bridges into the future

27 October 2007

The Softel Ouaga 2000 Hotel
Ouagadougou, Burkina Faso

Charles S Mgone

Goal

Contribute towards poverty reduction by accelerating R&D of new or improved intervention tools against HIV/AIDS, malaria and tuberculosis

- Integration of European national programmes
- Working in partnership with African programmes

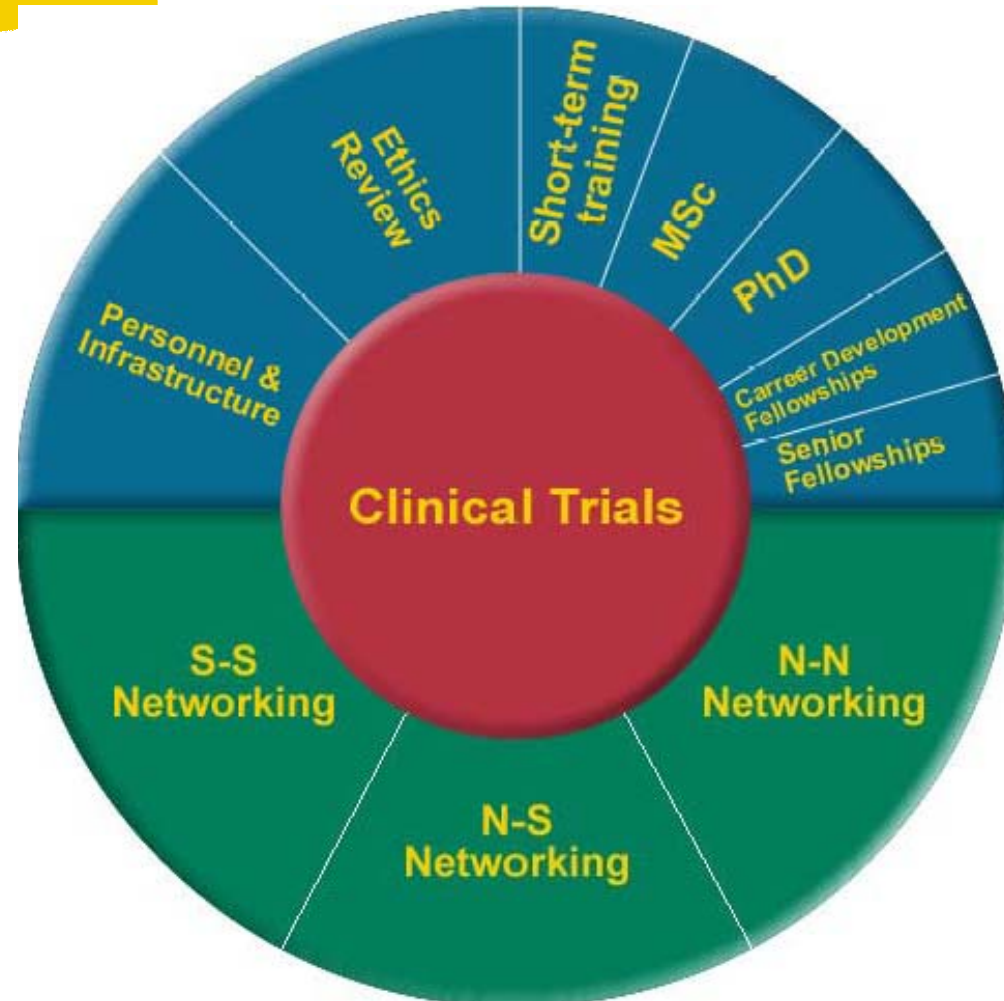

The platform

- **Governance**
 - General Assembly
 - Partnership Board
 - Developing Countries Coordinating Committee
 - European Network of National Programmes
 - Secretariat
- **Genuine partnership**
 - Ownership
 - Leadership
 - Stewardship
- **Basic programme**
 - Clinical trials
 - Capacity development including supporting of an enabling of environment
 - Networking

Consolidation

Future possibilities

- **Extension of the scope**
 - Phase I-IV
 - Discovery especially in Africa
 - Traditional medicine
 - Disease detection (diagnostics)
 - New or improved assays
- **Broadening of the scope**
 - Neglected diseases (filariasis, schistosomiasis, etc)
 - Public health and health systems (respiratory, diarrhoeal diseases, etc)
- **Widening of the geographical coverage**
 - Asia
 - South America

Future goals and plans

- Joint programme
 - Administration
 - Scientific agenda and review
 - Funding
 - Ownership and stewardship
- Realistic defined baseline strategy
- Progressive evolution and development

Governance

- **Responsibilities of the ownership**
 - Defining basic strategy
 - Determining medium- and long-term goals
 - Funding – Annual budgetary allocation
 - Stewardship – Political, scientific and strategic
- **Collaboration**
 - Developing agencies
 - Joint and parallel projects
 - Like-minded organisation
 - Private industry
 - Clear strategy with product development plans

My special player

Let us decide and plan for the future
with our HEADS, but commit
ourselves to our decisions and the
Partnership with our HEARTS

Merci

Thank you
